

PRESS RELEASE

Athens, 14 November 2011

Defkalion Green Technologies has maintained silence during our work this past year with various incidents requiring public statements.

We announced that we would make our announcements when we have a close to final product.

The pictures below are from our labs and indicate our work in progress.

We will release a complete outline of our developments within the next two weeks.

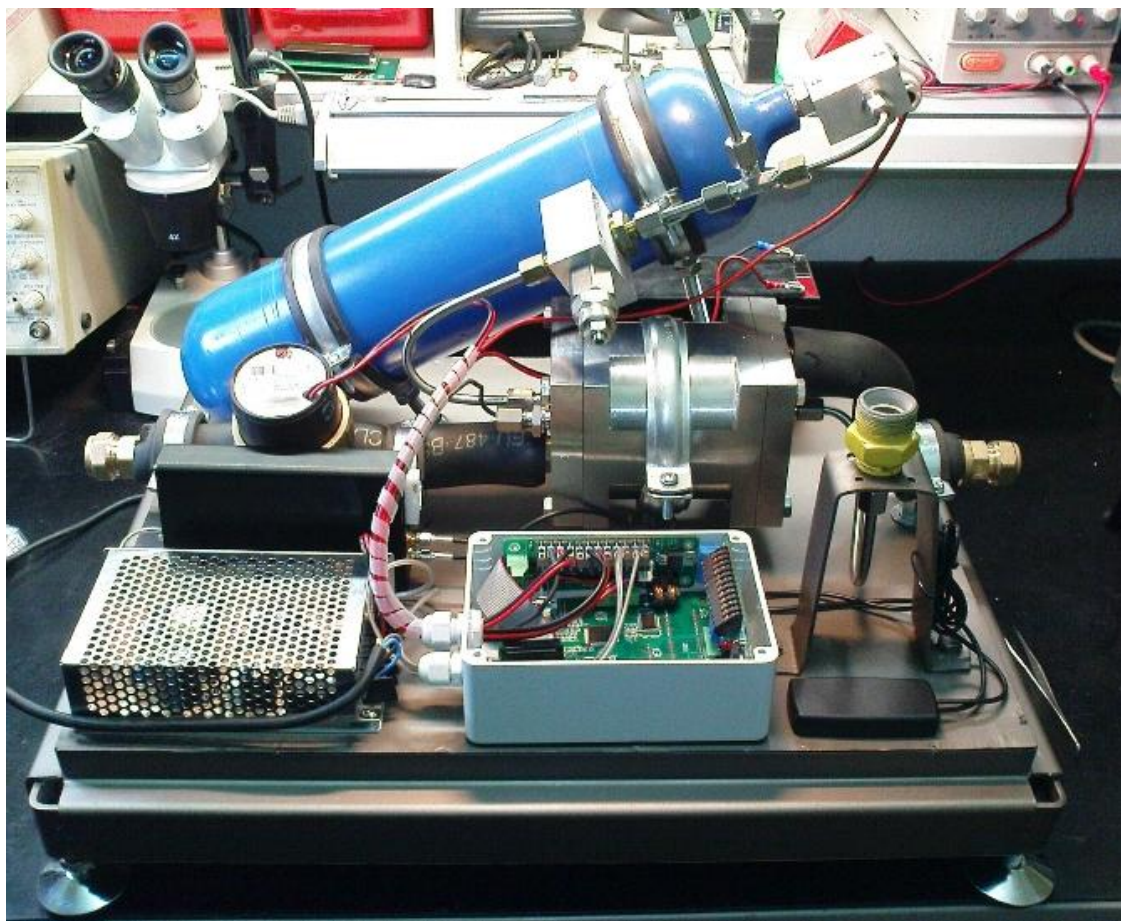

Please direct any technical or business enquiries to info@defkalion-energy.com

Thank you for your interest.
